Dear George:

On behalf of my coworkers at the Westwood Police Department I wanted to thank you for your outstanding and informative presentations during our in-service training program. Your courtroom experience brought a new dimension to the class, and your preparation and planning was certainly evident.

As I had mentioned, the classroom is not a preferred setting for individuals in this field, but the interactive approach that you initiated with the attendees certainly was appreciated and the feedback from patrol officers, supervisory staff and executive officer noted your professionalism, intellect and passion.

Thanks for being an integral part of our 2013 in-service training at the Westwood Police Department. I recognize your calendar was congested and very much appreciate you accommodating us.

Sincerely,

Paul Toland
Police Detective
